Tel : 905-319-3323

Dear Mr. Bradwell :

To say I and my colleagues in neurosurgery were overwhelmed and delighted by your decision would be my first understatement of the year. Our most sincere thanks to your board.

We have put together couple of paragraphs in regard to the instrument and its use and hopefully this is acceptable and helpful to you.

If there are any modifications you wish, please do not hesitate to call me.

All the best in the New Year !

Yours sincerely,

N. Blair Whittemore, M.D., FRCPC
Interim Director of Hematology-Oncology
