June 2005

Dear Friends:

On behalf of Sick Kids Foundation, I would like to take this opportunity to thank everyone who has been a supporter of the Sian Bradwell Fund and to encourage those who might be considering a donation to generously support the fund as well.

Childhood is a unique and special stage of life. Thankfully, many children get by with nothing more than a minor illness. But for those whose lives are interrupted by serious injury or illness, there is Sick Kids.

Many of our treatment programs rely on updated equipment and state of the art technology to provide the best possible care. Through the generous support of donors, including over \$60,000 that has been raised from the Sian Bradwell Fund, we have been able to purchase new equipment for the Haematology/Oncology unit. Last year several new items were added to the unit, such as examination tables, syringe drivers, a stadiometer, upgraded computer systems and various activity supplies for the children.

I applaud the work put forth by the Bradwell family to make the Sian Bradwell Fund a success, and would like to extend my sincerest thanks to everyone who has supported their efforts. With your on-going dedication, the Sian Bradwell Fund will continue on the road to success and help us here at Sick Kids Foundation realize our vision of: Healthier children. A better world.

Sincerely,

Penny Kroll
Development Coordinator
